ZURICH
CONVENTION
CENTER

BECAUSE
EVERYONE IS WELCOME

ACCESSABLE

BECAUSE EVERYONE IS WELCOME

At the Zurich Convention Center and the Tonhalle, we want every guest to enjoy their visit. All areas of the building can be reached comfortably with a wheelchair or by guests with limited mobility.

The halls on the upper floors are accessible by lift. Wheelchair spaces are available and clearly marked on the ticket and inside the hall. If you need one of these spaces for a Tonhalle concert, please let us know at least four days in advance.

Should you require assistance on the day of your event, our team is happy to help at any time. Please note that Entrances S and B are not accessible. Access is provided via Entrance K and the information desk.

Induction hearing systems are available to support guests who are hard of hearing.

We also accompany blind and visually impaired guests to their seats. Guide dogs are welcome throughout the building and may stay with their owner during the event.

Accessible restrooms are located throughout the venue. On Gotthardstrasse, close to the building, you will find eight disabled parking spaces. Six of them are located to the right of the Tonhalle entrance and two are across the street.

On the following pages, the facilities are indicated on the plan. Further information on the accessibility of the Zurich Convention Center is also available via the Swiss **OK:GO** initiative for barrier free travel and events.
